Warm Up

Think of a favorite teacher from childhood. What did that person teach? What made him or her such a great teacher?

Into The Bible Questions

1. The lesson from Deuteronomy speaks of the prophet as speaking and teaching in the Name of God. What are some ways that you have heard God speaking to you in your life? What are some ways that the Church tells us that God speaks to us and teaches us in our daily lives?
2. Psalms often show us the character of God. What does Psalm 111 show us about the Lord's character? How fear of the Lord teach us about the Lord and teach us wisdom?
3. The lesson from Corinthians tells us that there are some in our homes, churches and communities who may need encouragement in their growth as Christians. What are some ways that you may encourage your brothers and sisters in Christ? Have you ever been offered encouragement in your life as a Christian by another Christian?
4. We are in the season of Epiphany which was marked at the beginning with the Baptism of the Lord. Reread the Gospel of Mark (1:1-28) and describe how this Gospel fits into the theme of Baptism. Hint: Think about themes of clean/unclean, and the exorcism and how these may relate to the Baptism of the Lord and the Sacrament of Baptism.
